(To be answered on the 7th February 2019)**

AIR SERVICES BY PRIVATE AND PUBLIC SECTORS

763. DR. A. SAMPATH

Will the Minister of CIVIL AVIATION

नागर विमानन मंत्री

be pleased to state:-

- (a) the details of new sectors in which private and public sector service providers have been given permission by the Government of India to provide air services in order to promote air travel during the last five years;
- (b) the details of travel routes for which these permissions have been given;
- (c) the increase in number of air passengers recorded during the last five years; and
- (d) the expected increase in this number by the year, 2020?

ANSWER

Minister of State in the Ministry of CIVIL AVIATION

नागर विमानन मंत्रालय में राज्य मंत्री

(Shri Jayant Sinha)

(a) & (b): With repeal of Air Corporation Act in March, 1994, the Indian domestic aviation was deregulated. Airlines are free to induct capacity with any aircraft type, free to select whatever markets and network they wish to service and operate. In this regard, Government has laid down Route Dispersal Guidelines, with a view to achieve better air transport services of different regions in the country. Also, Regional Connectivity Scheme(RCS)-UDAN was launched in 2016 to enable air operations on unserved routes connecting regional areas, promote balanced growth and make flying affordable for masses. Under three rounds of Regional Connectivity Scheme(RCS)-UDAN 27 Networks, 90 Networks & 73 Networks were awarded and attached as Annexure-1,2 & 3 respectively.

(c) & (d) Scheduled Domestic and International Passenger Traffic for the last five years is given at Annexure-4. India is likely to become the third largest aviation market, globally around 2024 as per International Air Transport Association (IATA) forecast. According to IATA, in terms of origin-destination passengers from 2017 to 2037, 414 million new passengers will be added that will result in a total of 572 million passengers in 2037.
