ANSWER

**MINISTER OF HUMAN RESOURCE DEVELOPMENT
(SHRI RAMESH POKHRIYAL 'NISHANK')**

(a) to (c): No such decision has been taken so far. However, University Grants Commission (UGC) vide its letter dated 09th March, 2018 issued instructions to create the Students Counselling Centre and guidelines to all Universities that all the Higher Education Institutions (HEIs) should mandatorily put in place a “Students Counselling System” for the effective redressal of problems and challenges faced by students. It should be a unique, interactive and target-oriented system, involving students, teachers and parents to address common student concerns ranging from anxiety, stress, fear of change and failure to homesickness and a slew of other academic worries. It should bridge formal as well as communicative gaps between the students and the institution at large. Teacher counsellors, trained to act as the guardians of students at the college level, should remain in close touch with the students allotted to them throughout the year, cater to their emotional and intellectual needs and guide them to move up in their career at regular interval of time. Teacher counsellors can coordinate with wardens of hostels and exchange pre-emptive or corrective action.
