(a) whether the Government has initiated various arrangements to stop the infiltration of the terrorists along the border areas of the country during the last four years and the current year; and

(b) if so, the details and the outcome thereof?

ANSWER

**MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS
(SHRI G. KISHAN REDDY)**

(a) to (b): The Government of India in tandem with the State Governments, has adopted a multi-pronged approach to contain cross border infiltration. This includes strengthening of border management and increased deployment of Security Forces along the International Border/ Line of Control plugging the changing infiltration routes. The measures include construction/ maintenance of border fencing, modern weapons and equipments for Security Forces, installation of border floodlights, improved intelligence and synergizing intelligence flow, operational coordination and pro-active action against terrorists. A technological solution in the form of Comprehensive Integrated Border

Management System (CIBMS) has been implemented in some vulnerable border areas. This includes smart fencing, state-of-the-art surveillance technologies such as thermal imagers, infra-red and laser-based intruder alarms, aerostats for aerial surveillance and ground sensors etc.
