- (b) if so, the details thereof;
- (c) whether merely 24 Indian Institutions have been able to make a place among selected 1000 educational institutions worldwide;
- (d) if so, the details thereof and the reasons therefor; and
- (e) the details of the efforts made/being made to improve the level of education in the other educational institutions of the country?

ANSWER

**MINISTER OF HUMAN RESOURCE DEVELOPMENT
(SHRI RAMESH POKHRIYAL 'NISHANK')**

(a) & (b): In order to set up / upgrade 10 public and 10 private Institutions as world class teaching and research institutions, the Government approved an enabling Regulatory Architecture in the form of University Grants Commission (UGC) (Declaration of Govt. Educational Institutions as Institutions of Eminence) Guidelines, 2017 for public institutions and UGC (Institutions of Eminence Deemed to be Universities) Regulations, 2017 for private Institutions. The selected Institution under this Scheme has been named as Institutions of Eminence (IoEs). The objective of the scheme is to bring selected IoE in top 500 of the world rankings in the next 10 years and in top 100 eventually overtime. In the month of October, 2018, 3 public Institutions namely Indian Institute of Technology, Bombay; Indian Institute of Technology, Delhi; and Indian Institute of Science, Bangalore have been declared as IoEs under this Scheme. Therefore, it would not be appropriate to judge the inspiring result of these IoEs in such a short time period.

(c) & (d): No, Sir. As per Quacquarelli Symonds (QS) World University Ranking-2019, (25) Institutions/Universities have found place in top 1000 world University rankings.

Besides, as per Times Higher Education (THE) World University Rankings-2019, (33) Institutions / Universities have found place among the top 1000 world University ranking. The details of these Institutions are at **Annexure-I**.

(e): Apart from the scheme of establishment of 'IoE', the Government has taken several other steps to improve the quality of higher education in the country. These steps, inter-alia, include promotion of autonomy to Higher Educational Institutions as well as encouraging Institutions to improve the quality of research through various schemes viz. Impacting Research Innovation and Technology (IMPRINT), Impactful Policy Research in Social Sciences (IMPRESS), Global Initiative for Academics Network (GIAN), Study Webs of Active Learning for Young Aspiring Minds (SWAYAM), Staff Training and Research Institute of Distance Education (STRIDE), etc. The focus is on Learning Outcome based Curriculum (LOCF) to make learning oriented expectations and outcome at the end of Under Graduate / Post Graduate level.
