- (b) the number of farmers whose crops have been insured and awarded compensation for crop damage by the said companies throughout the country including Rajasthan during last three years and the current year;
- (c) whether the Government is receiving complaints against the said companies about compensation cases and the said companies are working arbitrarily, if so, the details thereof; and
- (d) whether the Government has taken any punitive action against the said companies and concerned officials and if so, the details thereof?

ANSWER

MINISTER OF AGRICULTURE AND FARMERS WELFARE

कृषि एवं किसान कल्याण मंत्री

(SHRI NARENDRA SINGH TOMAR)

(a) to (d): A Statement is laid on the Table of the House.

STATEMENT REFERRED TO PART (a) TO (d) OF LOK SABHA STARRED QUESTION NO. 81 REGARDING CROP INSURANCE FOR REPLY ON 13.12.2022.

(a) & (b): The Pradhan Mantri Fasal Bima Yojana (PMFBY) has been introduced in the country from Kharif 2016 season. The PMFBY is available for all States/UTs and is voluntary for them. States/UTs are free to subscribe under the scheme keeping in view their risk perception and financial considerations etc. The scheme is also voluntary for the farmers to enroll themselves as per their risk perception. The scheme is implemented through the empanelled general insurance companies. The specific company for specific State/cluster (comprising few districts) is selected by the concerned State Government through bidding process. Clusters/districts and crops under the scheme are also notified by the concerned State Government. Based on the experience gained and views/demands of the stakeholders, the scheme has been reviewed/modified/revised/revamped from time to time considering the prevailing policy regime and requirement of policy intervention in crop insurance in the country in the best interest of the farming community and is implemented as a continuing scheme. The revamped Scheme w.e.f Kharif 2020 has many features which include voluntary participation for all farmers, selection of Insurance Companies by the States for 3 years in a go, two-step process of crop yield estimation, use of smart sampling technique through satellite data for crop cutting experiments etc. The features have been included keeping in view the benefit of farmers and flexibility in implementation to the States.

District-wise details of insurance companies implementing the scheme are given in **Annexure-I**. State-wise details of number of farmer applications insured and number of farmer applications awarded/paid claims during implementation of the scheme are given in **Annexure-II**. During this period, claims of about Rs. 1,28,000 crore have been paid to the farmers in the country, out of which about Rs. 20,000 crore have been paid in Rajasthan.

(c) & (d): All the major work relating to the assessment of crop yield/crop loss for calculation of admissible claims are being performed by the concerned State Government or Joint Committee of State Government officials and concerned insurance company therefore, insurance company has a minimal role in loss

assessment independently. However, during implementation of the PMFBY, some complaints against insurance companies about non-payment and delayed payment of claims; under payment of claims on account of incorrect/delayed submission of insurance proposals by banks; discrepancy in yield data & consequent disputes between State Government and insurance companies, delay in providing State Government share of funds, non-deployment of sufficient personnel by insurance companies etc., have been received in the past in the country. Most of the complaints were suitably addressed by the concerned State Government, Insurer and the Ministry.

To better resolve all the grievances within the scheme, a portal has been developed to handle all grievances from end to end. This portal will be operated through one telephone number across the country and equipped with the necessary features viz., Complaint/Query capturing through multiple modes, farmer authentication & online ticket forwarding to the concerned company, online escalation as per escalation matrices, updating of resolution details, MIS & Dashboards for data analysis. The Portal captures the details of the grievances and then forwards it to the concerned Insurance Company for resolution. It has API based connectivity to the insurance companies so that the farmer can directly have access to all information from the portal rather than obtaining the same from the Insurance Companies. The system has been well designed ensuring that every grievance is taken to logical conclusion to the satisfaction of the farmer. Every grievance will have a Ticket ID with ticket closure responsibility lying with the Insurance Company with defined turnaround time. Along with this, the redressal of complaints within the prescribed time limits will be monitored through the portal itself by the concerned officials of the State and Central Government. The Beta version of the portal was launched in Chhattisgarh on 21st July, 2022.

Further, a provision of Stratified Grievance Redressal Mechanism viz. District Level Grievance Redressal Committee (DGRC), State Level Grievance Redressal Committee (SGRC) has been made in the Revised Operational Guidelines of the Scheme to resolve such complaints.
