

**GOVERNMENT OF INDIA
MINISTRY OF HEALTH AND FAMILY WELFARE
DEPARTMENT OF HEALTH AND FAMILY WELFARE**

**LOK SABHA
UNSTARRED QUESTION NO. 1753
TO BE ANSWERED ON 16TH DECEMBER, 2022**

NON-COMMUNICABLE DISEASES

1753. SHRI RAMDAS C. TADAS:

Will the Minister of **HEALTH AND FAMILY WELFARE** be pleased to state:

- (a) the details regarding the progress made so far by the National multi-sectoral action plan in checking and controlling the spread of non-communicable diseases in the country;
- (b) the number of districts of the States included under the India Hypertension Control Initiative (IHCI) in the country as of today;
- (c) whether the Government is aware that Wardha and Amravati districts of Maharashtra have been included under this initiative; and
- (d) if so, the details thereof and if not, the time by which the said districts are likely to be included?

**ANSWER
THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY
WELFARE
(DR. BHARATI PRAVIN PAWAR)**

- (a) During 2015-16, based on series of consultations/ meetings with line ministries, Government of India adopted National Multisectoral Action plan (NMAP) for prevention and control of common NCDs (2017-2022), which aims to reduce the preventable mortality and to minimize socio-economic burden and inequalities. The plan offers a road map and menu of policy options to guide multi-sectoral efforts towards attaining the NCD targets mentioned in the National Health Policy, 2017 and National NCD Monitoring Framework. The plan highlights role of Union Government Ministries, State Governments, and other stakeholders for specific actions and focused interventions. The plan is aligned with the India's commitment for UN High level Political Declaration on NCDs. Regular Inter-ministerial meetings on NMAP have been conducted.
- (b) to (d): India Hypertension Control Initiative (IHCI) is implemented in 141 districts across 25 states. The States/ UTs wise details of districts where IHCI is implemented is given at **Annexure**.
The IHCI has been implemented in public healthcare facilities in Wardha since 2018. A total of 75,113 patients with hypertension are registered for treatment till date. The districts have reported 55% blood pressure control among patients under care in the third quarter of 2022.
National Programme for Prevention and Control of Cancer, Diabetes, Cardio-vascular Diseases and Stroke (NPCDCS) is implemented in Amravati District.

The States/ UTs wise number of 141 districts implementing IHCI

Sr. No.	Name of the State	Name of the District
1	Andhra Pradesh	Krishna, NTR, Eluru, Anakapalli, Alluri Sitharama Raju, Visakhapatnam
