(a) to (h) As on 23.03.2022, total average daily number of trains operated on Indian Railways network is 10378 including 2032 Mail/Express services and 2687 Passenger services.

The concession to senior citizens in passenger fare has been withdrawn from 20.03.2020. Government gave subsidy of ₹59,837 Crore on passenger tickets in 2019-20. This amounts to concession of 53% on an average, to every person, travelling on Railways. This subsidy is continuing for all passengers. Further concessions beyond this subsidy amount are continuing for many categories like Divyangjans, students and patients. Revenue foregone due to concessions in passenger fare to Senior citizens during 2019-20 was approximately ₹1667 Crore.

Railways operate different types of train services like Garib Rath, Rajdhani, Shatabdi, Duronto, Vande Bharat, Gatimaan, Tejas, Humsafar, Mail/Express, Ordinary passenger etc. Apart from this, different classes 1st AC, 2nd AC, 3rd AC, AC Chair Car, sleeper class, second class reserved/Unreserved, etc. are available on different fare structures for the use of passengers including senior citizens who can travel as per their preferences.

With a view to provide lower berths to senior citizens undertaking journey by trains, following steps have been taken:-
