**ANSWER
THE MINISTER OF STATE IN THE MINISTRY OF HEALTH & FAMILY
WELFARE
(Dr. BHARATI PRAVIN PAWAR)**

(a) to (d):

Pradhan Mantri Ayushman Bharat Infrastructure Mission (PM-ABHIM) was launched on 25th October 2021 with an outlay of about Rs. 64,180 Cr (till FY 2025-26) to strengthen health care infrastructure across the country.

As on 6th February 2023, loan agreements have been signed with Asian Development Bank (ADB) for USD 300 million and with Japan International Cooperation Agency (JICA) for 50 billion Japanese Yen (JPY). In addition, the World Bank has approved USD 1 billion IBRD loans for PM-ABHIM.

Further, Government of India provides financial assistance to States/UTs to set up, upgrade health infrastructure under National Health Mission to ensure universal access to equitable, affordable and quality health care services. In addition to this, PMABHIM was launched to accomplish the vision of comprehensive healthcare across the country with increased investment in health infrastructure and to fill gaps in public health infrastructure, especially in critical care facilities and primary care in both the urban and rural areas. The major initiatives planned under ABHIM include:

- Support for construction of 17,788 rural Health and Wellness Centres
- Establishment of 11,024 Urban Health and Wellness Centres
- Setting up 3382 Block Public Health Units
- Setting up of Integrated Public Health Labs in all districts.
- Establishing 602 Critical Care Hospital Blocks

- Critical Care Hospital Blocks in 12 Central Hospitals
- To strengthen National Centre for Disease Control (NCDC), 5 New Regional NCDCs, 10 Biosafety Levels (BSL) -III and 1 BSL-IV and 20 Metropolitan Surveillance Units (MSUs).
- Expansion of the Integrated Health Information Portal (IHIP) to all States/ UTs to with an aim to strengthen surveillance capacity.
- Operationalisation of 17 new Public Health Units and strengthening of 33 existing Public Health Units at Points of Entry, that is at 32 Airports, 11 Seaports and 7 land crossings.
- Setting up of 15 Health Emergency Operation Centres and 2 Container based Mobile Hospitals.
- Setting up of a National Institution for One Health, 4 New National Institutes for Virology, a Regional Research Platform for WHO South East Asia Region and 9 BSL III laboratories.

As on 25th January 2023, an amount of Rs 686.86 Cr. has been released during the current financial year 2022-23 and Rs. 584.04 Cr has been released in the financial year 2021-22 under PM ABHIM. State/UT wise details are at Annexure.

As far as the surveillance system is concerned, Integrated Disease Surveillance Program (IDSP) was launched in 2004 with the objective to strengthen and maintain decentralized laboratory-based Information Technology (IT) enabled disease surveillance system for epidemic prone diseases to monitor disease trends and also to detect and respond to outbreaks in the early rising phase through trained Rapid Response Team (RRTs).

To further strengthen the disease surveillance, it has been upgraded from a paper-based weekly system to digital reporting through Integrated Health Information Platform (IHIP). IHIP allows for updation of information on case based health surveillance for more than 33 epidemic prone diseases.
