- (d) the details of work done so far and the time to be taken to complete the project; and
- (e) the number of Kendriya Vidyalayas opened in Uttar Pradesh and the details thereof?

ANSWER

**MINISTER OF STATE IN THE MINISTRY OF EDUCATION
(DR. SUBHAS SARKAR)**

(a) & (b) Opening of new Kendriya Vidyalayas (KVs) is a continuous process. KVs are opened primarily to cater to the educational needs of the wards of transferable Central Government Employees including Defence & Para-military personnel, Central Autonomous Bodies, Central Public Sector Undertakings (PSUs) and Central Institute of Higher Learning (IHL) by providing a common programme of education throughout the country. Proposals for opening of new KVs may be sponsored by Ministries or Departments of the Government of India / State Governments / Union Territories (UTs) Administrations, with commitment to provide requisite resources for setting up a new KV as per norms. The proposals are subject to approval of the competent authority.

Some proposals for opening of new KVs have been received from Government of Uttar Pradesh which are subject to due process and approval of the competent authority.

(c) & (d) As per information received from KVS, 01 KV each in Barabanki and Chitrakoot (in Bundelkhand Region) are already functional under civil sector. A new KV in Banda District (in Bundelkhand Region) has been sanctioned in the year 2018 but could not be made functional as the State Government has not provided the requisite land and suitable rent free temporary building as per the norms. No fresh proposal has been received by KVS for opening of new KV in Barabanki and Chitrakoot from State Government.

Construction of permanent buildings for KVs is a continuous process, which depends upon identification of suitable land, completion of lease formalities in favour of KVS by the sponsoring authorities, submission of drawings / estimates by construction agency, availability of funds and requisite approvals etc. No definite time frame can be given in this regard.

(e) At present, 122 KVs are functioning in the State of Uttar Pradesh, details of which are annexed.
