- (d) the total number of workers engaged in unorganized sector in Maharashtra who are provided health facilities by ESI dispensaries and ESIC hospitals during the last three years; and**
- (e) the criteria set up by the Government to establish new ESIC hospitals?**

ANSWER

**MINISTER OF STATE FOR LABOUR AND EMPLOYMENT
(SHRI RAMESWAR TELI)**

(a) to (e): Setting up of Employees' State Insurance (ESI) hospital is an ongoing process and is based on the number of Insured Persons (IPs) in an area in accordance with the norms of the Employees' State Insurance Corporation. The norms for setting up of new hospitals are placed at Annexure-I.

Contd..2/-

At present, there are 160 ESI hospitals across the country including in the state of Maharashtra and Tamil Nadu, out of which respective State Governments run 109 ESIS hospitals and 51 ESIC hospitals are being run directly by ESI Corporation. The details of the ESI hospital in the country are placed at Annexure-II.

ESI Corporation has given 'in principle' approval for setting up of new 86 ESI hospitals and new 195 ESI dispensaries across the country including 8 ESI hospitals each in Maharashtra and Tamil Nadu. Out of new 195 ESI dispensaries, 48 ESI dispensaries are in Maharashtra.

The Employees' State Insurance (ESI) Act, 1948 is applicable to the factories and establishments having ten or more employees, drawing wages up to Rs.21000/- (Rs. 25,000/- for persons with disabilities). The number of beneficiaries in Maharashtra is 1.55 crore, as on 31.03.2022.

ANNEXURE REFERRED TO IN REPLY TO PARTS (a) TO (e) OF LOK SABHA UNSTARRED QUESTION NO. 1919 FOR 13.03.2023 BY SHRIMATI SUPRIYA SULE AND OTHERS REGARDING NEW HOSPITALS IN MAHARASHTRA

Norms for setting up of new hospitals:

Sl. No.	Number of beds	Minimum number of IPs
1.	100 bedded hospital	50,000
2.	150 bedded hospital	1,00,000
3.	200 bedded hospital	1,50,000
4.	250 bedded hospital	2,00,000
5.	300 bedded hospital	2,50,000
6.	350 bedded hospital	3,00,000
7.	400 bedded hospital	3,50,000
8.	500 bedded hospital	4,00,000
9.	600 bedded hospital	5,00,000

The IP population should be taken in a radius of 25 km and there should not be any other ESI Hospital within a radius of 50 km. If there is another ESI Hospital within 50 km, then each ESI Hospital should fulfil these norms in the respective catchment area (for example, if two ESI Hospitals are at a distance of 40 km, then each hospital should satisfy these norms within a radius of 20 km.).

A decision has also been taken up by the ESI Corporation for setting up of ESI hospitals and dispensaries based on futuristic IP population including the geographical necessity.

For setting up of 30 bedded hospital, a minimum 20000 Insured Persons required in the catchment area and there should be no ESI hospital within the radius of 25 km.

Further, a minimum 15,000 Insured persons are required for setting up of new 100 bedded hospital in Hilly area/ North East Region.
