

GOVERNMENT OF INDIA  
MINISTRY OF FISHERIES, ANIMAL HUSBANDRY AND DAIRYING  
DEPARTMENT OF ANIMAL HUSBANDRY AND DAIRYING  
LOK SABHA  
UNSTARRED QUESTION No.2229  
TO BE ANSWERED ON 14<sup>TH</sup> MARCH, 2023

**GOKUL GRAMS**

2229. SHRI B.B. PATIL:

Will the Minister of FISHERIES, ANIMAL HUSBANDRY AND DAIRYING  
मत्स्यपालन, पशुपालन और डेयरी मंत्री  
be pleased to state:

- (a) whether the Government is aware of setting up of Gokul Grams in the country;
- (b) if so, the details thereof, State-wise and Lok Sabha Constituency-wise;
- (c) whether the performance evaluation of Biogas Plants set up in Gokul Grams are carried out and if so, the details thereof;
- (d) whether they are connected with Gobardhan Yojana and if so, the details thereof;
- (e) whether the expected upliftment of rural poor took place because of establishment of Gokul Grams; and
- (f) if so, the complete details thereof?

**ANSWER**

**THE MINISTER FOR FISHERIES, ANIMAL HUSBANDRY AND DAIRYING  
(SHRI PARSHOTTAM RUPALA)**

(a) and (b) The Department of Animal Husbandry & Dairying, under Rashtriya Gokul Mission has released funds for setting up of 16 “Gokul Grams” with the aim of conservation and development of indigenous bovine breeds in a scientific and holistic manner. The details of the Gokul Grams set up in various States, State-wise and Lok Sabha Constituency wise is given at Annexure I.

(c) and (d) Setting up of Biogas Plant was also included as one of the components under Gokul Grams and their performance evaluation has not been carried out. They have not been connected with the Gobardhan Yojana as the said scheme was not in place during the inception of Gokul Gram component under RGM.

(e) and (f) Due to the implementation of the Rashtriya Gokul Mission and other measures taken by Government of India, milk production in the country has increased from 146.31 Million Tonnes in 2014-15 to 220.78 Million tonnes in 2021-22 that is by 6.3% per annum during the last 8 years. Value of output of milk is more than Rs.9.32 lakh crore during 2021-22 which is the highest among all agriculture commodities and even more than the combined value of Paddy and Wheat. The scheme is playing important role in enhancing milk production and productivity of bovines to meet growing demand of milk and making dairying more remunerative to the rural farmers of the country. The scheme is leading to multiplication of elite animals of indigenous breeds and increased availability of indigenous stock.
