ANSWER

**पेट्रोलियम और प्राकृतिक गैस मंत्रालय में राज्य मंत्री
(श्री रामेश्वर तेली)**

**MINISTER OF STATE IN THE MINISTRY OF PETROLEUM AND NATURAL GAS
(SHRI RAMESWAR TELI)**

(a) to (e): Prices of petrol and diesel in the country have been market-determined with effect from 26.06.2010 and 19.10.2014 respectively. Since then, the Public Sector Oil Marketing Companies (OMCs) take appropriate decision on pricing of petrol and diesel. Public Sector Oil Marketing Companies (OMCs) have not increased prices of petrol and diesel since 6th April 2022.

Due to high volatility and elevated prices of crude oil, most countries have been reeling under high petrol and diesel prices. For example, in the US the prices of petrol and diesel increased by about 10.8% and 35.2% respectively over the period January 2022 to January 2023, whereas prices in India (Delhi) increased only by 1.4% in case of petrol and 3.4 % in case of diesel, during the same period. Changes in prices of petrol and diesel in some countries between January 2022 to January 2023 are as under:

	% age Change in Prices between Jan-22 and Jan-23	
Country	Petrol	Diesel
India (Delhi)	1.4%	3.4%
Spain	12.9%	27.4%
UK	2.1%	14.5%
Canada	5.7%	32.2%
USA	10.8%	35.2%

Central Government has reduced Central Excise duty by a total of Rs. 13/ litre and Rs. 16/ litre on petrol and diesel respectively in two tranches in November 2021 and May 2022 and retail prices fell as a result. The measure was aimed to give a further fillip to the economy and to boost consumption and keep inflation low, thus helping the poor and middle classes. Subsequently, many States/UTs have also reduced VAT rates on petrol and diesel.

The details of increase/decrease in price of petrol and diesel during December, 2022 and January, 2023 are given at **Annexure-I**.

Prices of Aviation Turbine Fuel (ATF) have been market-determined with effect from 01.04.2001. The declared monthly prices of Aviation Turbine Fuel (ATF) at Delhi airport for the period December 2022 to January 2023 are as follows:

Month	ATF prices (Rs/kl)
December 2022	117,587.64
January 2023	108,138.77

Government of India has allocated Administered Price Mechanism (APM) gas to various City Gas Distribution (CGD) entities for CNG (Transport) and PNG (Domestic) purpose. However, retail price of CNG/PNG is determined by CGD entities after considering cost of gas procured, state taxes, tariff and other components.

The prices of CNG & PNG since December 2022 for Indraprastha Gas Limited (NCT of Delhi) are given as under:

With effect from	CNG prices (In Rs./Kg)	PNG prices (In Rs./SCM)
08-10-22	78.61	53.59
19-12-22	79.56
