

GOVERNMENT OF INDIA
MINISTRY OF ENVIRONMENT, FOREST AND CLIMATE CHANGE

LOK SABHA
UNSTARRED QUESTION NO: 3078
TO BE ANSWERED ON 20.03.2023

Forest Cover in the Country

3078. SHRI MANOJ TIWARI:
SHRI SUNIL KUMAR MONDAL:
SHRI NISHIKANT DUBEY:

Will the Minister of ENVIRONMENT, FOREST AND CLIMATE CHANGE be pleased to state:

- (a) whether the forest cover has decreased in the country including Jharkhand during the last five years;
- (b) if so, the details thereof;
- (c) whether the Government has launched any scheme for the conservation of forests in Indian territory or evoked people to promote and to sow new plants specially Neem, Ficus Religiosa, Banyan trees and others to pure the environment;
- (d) if so the details thereof, State/UT-wise and if not, the reasons therefor; and
- (e) the important steps taken/being taken by the Government to increase the forest cover under land area and to scale up the conservation of the sanctuaries in the country?

ANSWER

MINISTER OF STATE IN THE MINISTRY OF ENVIRONMENT, FOREST AND CLIMATE CHANGE
(SHRI ASHWINI KUMAR CHOUBEY)

- (a) & (b) There is no overall decrease in the forest cover in the country, including the State of Jharkhand. Infact, the forest cover has increased in the country including Jharkhand during last five years. Forest Survey of India (FSI), Dehradun, an organization under the Ministry carries out the assessment of forest cover biennially since 1987 and the findings are published in India State of Forest Report (ISFR). As per latest ISFR 2021, the total forest cover of the country is 7,13,789 square kilometre which is 21.71% of the geographical area of the country. The trend for the last three ISFRs shows an increase in Forest cover of the country. The forest cover has increased by 3,976 square kilometre between ISFR 2017 and ISFR 2019 assessment while there is an increase of 1,540 square kilometre between ISFR 2019 and ISFR 2021 assessment. The State wise details of change in Forest Cover including the State of Jharkhand between ISFR 2017, ISFR 2019 and ISFR 2021 are given in **Annexure-I**.

- (c) & (d) Conservation and Protection of forests is primarily the responsibility of concerned State Government and UT Governments as per the provisions of Indian Forest Act, 1927, Wildlife (Protection) Act, 1972, Forest (Conservation) Act, 1980 and rules made there under, and also under State Specific Acts and Rules.

Under various afforestation programmes implemented under central and state government schemes including National Mission for Green India and CAMPA, planting of local species are promoted.

- (e) In order to restore ecosystems and increase the forest cover in the country, afforestation and tree plantation activities are undertaken by States/UTs. The Ministry provides financial assistance to States/UTs under various Centrally Sponsored Schemes namely Green India Mission to support and supplement the efforts of States and Union Territories.

The Ministry is implementing Nagar Van Yojana (NVY) since the year 2020 which envisages creation of 400 Nagar Vans and 200 Nagar Vatika in the country during the period 2020-21 to 2024-25 under the funds available under National Compensatory Afforestation Fund (CAMPA). The Nagar Van Yojana aims to enhance the green cover in the urban and peri-urban areas including biological diversity, provide ecological benefits and improve the quality of life of city dwellers.

The Compensatory Afforestation Fund (CAMPA fund) are being utilized by States/UTs for taking up compensatory afforestation as per approved Annual Plan of Operations for compensating the loss of forest & tree cover due to diversion of forest land for developmental projects as per provisions of Compensatory Afforestation Fund Act, 2016 (CAF Act) and CAF Rules, 2018.

Afforestation activities are also taken up under various programmes and schemes of line Ministry such as Mahatma Gandhi National Rural Employment Guarantee Scheme, National Bamboo Mission, Sub-Mission on Agroforestry etc. and under schemes of State Government/UT Administration through different departments, Non-Government Organizations, Civil Society, Corporate bodies etc. The multi departmental efforts have yielded good results in conserving and enhancing forest cover in the country.

Protected Areas, viz., National Parks, Sanctuaries, Conservation Reserves and Community Reserves have been created in the country covering important habitats to provide better protection to wildlife, including threatened species and their habitat. Financial assistance is provided to the State/Union Territory Governments under the Centrally Sponsored Scheme of 'Integrated Development of Wildlife Habitats' for better protection of wildlife and improvement of habitat. Local communities are involved in conservation measures through eco-development activities.

Annexure-I

Annexure referred to in reply to part (a) of the Lok Sabha Unstarred Question No. 3078 due for answer on 20.03.2023 regarding 'Forest Cover in the Country'

State/UTs wise details of change in Forest Cover from ISFR 2017 to ISFR 2021

(Area in Square Kilometre)

States/UTs	Geographical area	Forest Cover			Change in Forest Cover between ISFR 2017 & ISFR 2019 (b-a)	Change in Forest Cover between ISFR 2019 & ISFR 2021 (c-b)
