ANSWER

THE MINISTER OF STATE IN THE MINISTRY OF SKILL DEVELOPMENT AND ENTREPRENEURSHIP

(SHRI RAJEEV CHANDRASEKHAR)

- (a) Sir, Skills Strengthening for Industrial value Enhancement (STRIVE) is a World Bank assisted project which aims to upgrade and enhance the learning infrastructure in the Industrial Training Institutes (ITIs).

Under STRIVE project, 493 ITIs (which include 461 Government and 32 Private ITIs) have been selected as on date to receive funds for upgradation of their learning infrastructure (non-civil work). The state wise number of ITIs and the sanctioned amount as on date is given in **Annexure - A**.

- (b) STRIVE project aims at improving the performance of ITIs and addresses key challenges of ITIs by supporting them in improving quality of their skill development programs, and enhancing industry interaction for trainees.

To gauge the success of the project, certain parameters had been designed like increasing the enrollment of the trainees in the ITIs, improving gender diversity, improving the percentage of graduates i.e. pass percentage etc. The STRIVE ITIs have successfully increased the number of graduates (i.e. pass percentage) by 8%, the overall enrollment has been increased by 16%, while female enrollment is increased by 8%.

The funds released to STRIVE ITIs has been utilized for upgradation of lab equipment, machinery, smart teaching aids, library and other learning materials.

- (c) Sir, 35 Government ITIs in 29 States have been identified for upgradation to Model ITI.
- (d) Out of 35 ITIs, civil construction work has been completed in 17 ITIs and work is under progress in the remaining ITIs. In most of the ITIs, the work related to procurement of tools and equipment is also under process.

A total fund of Rs. 12773.76 lakhs has been released till date under this scheme. The details of funds released ITI-wise and the progress of work ITI-wise is given in **Annexure – B**.

- (e) The scheme provided for covering of minimum one ITI from each State/UT on first come first serve basis. The 35 ITIs that have been identified under the scheme cover almost all the States on first come first serve basis.
