ANSWER

THE MINISTER OF STATE IN THE MINISTRY OF SKILL DEVELOPMENT AND ENTREPRENEURSHIP

(SHRI RAJEEV CHANDRASEKHAR)

(a) to (c) There are no centres by the name of Technological Training Centre under Ministry of Skill Development and Entrepreneurship. However, as per information available Ministry of Micro, Small and Medium Enterprises (MSME) through National Manufacturing Competitiveness Programme (NMCP) is supporting Micro, Small and Medium Enterprises (MSMEs) to develop global competitiveness. This program provides technological training through Tool Rooms (TR)/ Technology Centres (TCs). Ministry of MSME, established 18 Technology Centres (TCs) between 1967 to 1999, earlier known as Tool Rooms (10 Nos) and Technology Development Centres (8 Nos) across the country. The details of such centres are placed at **Annexure I**.

The primary objectives of these TCs are to support industries, particularly MSMEs in the country through:

- I. Providing access to Advanced Manufacturing Technologies;
- II. Skilling of manpower in technology development;
- III. Providing technical and business advisory support to MSMEs.

Keeping in view the success of existing 18 TCs in serving MSMEs, under the Technology Centre Systems Programme (TCSP), 15 new Technology Centres are being established across the country. The details of such centres are placed at **Annexure II**.
