Total (A+B)	787.61	785.56	650.00	650.00	861.46	854.07

(b): It is estimated that, around 1,38,306 families are involved in silkworm rearing in the state of Karnataka.

(c): Government of India through Central Silk Board has undertaken following measures to improve sericulture and revenue from sericulture in the country:

- i. Implemented a Central Sector Scheme “Silk Samagra” an Integrated Scheme during 2017-18 to 2020-21 and implementing Silk Samagra-2 scheme from the year 2021-22 to 2025-26 for the overall development of sericulture industry in the country.
- ii. Research & Development to improve the levels of cocoon production and productivity, to develop improved mulberry/host plant varieties, silkworm hybrids and technology packages to boost the silk production in the country.
- iii. For production of 3A-4A grade raw Silk from the bivoltine cocoons, Automatic Reeling Machine (ARM) Units have been established in the country.
- iv. Mobilizing additional support to the States through convergence, by availing the financial support from other schemes being implemented by line Ministries of Govt. of India such as RKVY, MGNREGA etc. This will suffice to reach the target of area expansion and other interventions.
