ANSWER

MINISTER OF STATE FOR CHEMICALS AND FERTILIZERS
(SHRI BHAGWANTH KHUBA)

(a) & (d) : The details of fertilizers supplied to each state including Telangana from 2014 onwards is attached as **Annexure A**.

(b) & (c) : Before the commencement of each cropping season, Department of Agriculture and Farmers Welfare (DA&FW), in consultation with all the State Governments, assesses the state-wise & month-wise requirement of fertilizers. On the basis of requirement projected, Department of Fertilizers allocates sufficient/ adequate quantities of fertilizers to States by issuing monthly supply plan and continuously monitors the availability. The availability of fertilizers have remained comfortable in the country as per point (a) above.

The factors like the cropping pattern, cropped area, crop wise recommended dose of fertilizers, requirement of nutrients in soil as per soil health status, irrigated area etc are taken into consideration for assessment of requirement of fertilizers.

(e): Consumption of fertilizers depends on various factors like gross cropped area, weather conditions, and financial capacity of farmers to buy the product etc. DA&FW assesses the requirement of fertilizers on season to season basis through Zonal conferences in consultation with States based on the demand projected by States including Telangana. Based on the assessment, adequate fertilizers are allocated to the states.
