- (d) the area of forest land encroached upon so far; and
- (e) the details of the families evicted from the forest lands during the last five years, State/UT-wise?

ANSWER

MINISTER OF STATE IN THE MINISTRY OF ENVIRONMENT, FOREST AND CLIMATE CHANGE

(SHRI ASHWINI KUMAR CHOUBEY)

(a)Protection and management of forests is primarily the responsibility of concerned State/UT Governments. Further, Tree Plantation/ Afforestation, being multi departmental activity, are also taken upcross- sectorally by various Departments, NGOs, Civil Society, Corporate bodies etc. under various Central and State Plan/Non Plan Schemes. After plantations of seedlings, maintenance work including watering/irrigating, weeding and casualty replacement is done by the implementing agency, to ensure good health and survival of plants and the expenditure for the same is met from various schemes like Green India Mission, National Afforestation Programme (NAP), Compensatory Afforestation Fund Management and Planning Authority (CAMPA), and under various schemes of line ministries namely Mahatma Gandhi National Rural Employment Guarantee Schemes, National Bamboo Mission, National Agro-forestry Policy and Sub-mission on Agro-forestry (SMAF) etc. and also under various plan schemes of the States/ UTs. The multi departmental efforts have yielded good results in conserving forest and environment by addressing the problem of deforestation, besides keeping the pace of development, which is evident from the fact that the forest cover in the country has been constantly increasing over the years.

Further, the Forest Survey of India (FSI), Dehradun, an organization under the Ministry has been carrying out the assessment of forest cover of the country, biennially since 1987, and the findings are published in India State of Forest Report (ISFR). As per latest ISFR 2021, the total forest cover of the country is 7,13,789 square kilometre which is 21.71% of the geographical areaof the country. The trend for the last three ISFRs shows an increase in Forest cover of the country. The forest cover has increased by 3,976 square kilometre between ISFR 2017 and ISFR 2019 assessment while there is an increase of 1,540 square kilometre between ISFR 2019 and ISFR 2021 assessment. The State/year-wise details of change in Forest Cover between ISFR 2017, ISFR 2019 and ISFR 2017 are given in **Annexure-I**.

(b) The details of fund released to all States/UTs under Green India Mission during last five years is given in **Annexure-II.** The details of fund released to to all States/UTs under National Afforestation Programme during last five years is given in **Annexure-III.** The details of fund transferred to all States/UTs under CAMPA fund during last five years is given in **Annexure-IV**

(c) and (d) Protection and management of forests is primarily the responsibility of concerned State/UT Governments which take appropriate actions to remove encroachment under the provisions of Indian Forest Act, 1927, Wildlife (Protection) Act, 1972, Forest (Conservation) Act, 1980and rules made there under, and also under State Specific Acts and Rules. As per the information received from States/UT Governments, the State/UT-wise details of the forest land under encroachment in the country are given in **Annexure-V**.

(e) The details of the families evicted from the forest lands are not collatedat the Central Government level.

Annexure referred to part (a) of the Lok Sabha Unstarred Question no. 5084due for reply on 03.04.2023 regarding 'Protection of Trees.
