**ANSWER
THE MINISTER OF AYUSH
(SHRI SARBANANDA SONOWAL)**

- (a) The salient features of the clinical treatment in Ayurveda lies in its three-fold holistic approach of prevention of disease, promotion of health and cure of disease. This is achieved through care of body, mind and soul where physical, mental and spiritual aspects of health are considered. 54 authoritative books of Ayurveda system of medicine have been specified in the First Schedule of The Drugs and Cosmetics Act, 1940. Details are at Annexure-1.
- (b) Yes, Sir. Books are available in English/Sanskrit/Hindi and Regional Language in the concerned Department of the Ayurveda Institutes and in the library of Under-graduate and Post-graduate colleges.

(c) & (d):- Public Health being a State subject, establishment of 50 bedded Ayurveda hospitals and Ayurveda colleges in the tribal dominated districts, viz., Alirajpur, Ratlam and Jhasua of Madhya Pradesh come under the purview of respective State Government. However, under the Centrally Sponsored Scheme of the National Ayush Mission (NAM), there is provision of financial assistance to States/UTs for establishment of new integrated Ayush Hospitals and establishment of new Ayush Colleges in the States where availability of Ayush teaching institutions is inadequate in Government Sector. The State/UT Governments may avail eligible financial assistance by submitting suitable proposals through State Annual Action Plans (SAAPs) as per the provisions of NAM guidelines.

(e) There are 17 Specialty in Post-graduate education in Ayurveda as per the Indian Medicine Central Council (Post Graduate Ayurveda Education) Regulation, 2016. Details are at Annexure-2. Details of the Universities offering PG Courses in Ayurveda are at Annexure-3.
