(a)   Beti Bachao Beti Padhao (BBBP) Scheme was launched on 22nd January 2015 with an aim to address declining Child Sex Ratio (CSR) and related issues of empowerment of girls and women over a life cycle continuum through Multi Sectoral intervention at district level. There is no provision for Direct Benefit Transfer (DBT) under the BBBP Scheme.

(b)   The progress on various outcomes in the state of Uttarakhand is as under:

(i)   Sex Ratio at Birth (SRB) has improved by 34 points from 903 in 2014-15 to 937 in 2022-23. (Source: Health Management Information System (HMIS), Ministry of Health and Family Welfare (MoHFW) (April-March, 2014-15 & provisional 2022-23).

(ii)   Percentage of 1st Trimester ANC Registration has shown improvement from 59% in 2014-15 to 82.64% in 2022-23. (Source: HMIS data, MoHFW (April-March, 2014-15 & provisional 2022-23).

As per the evaluation report of NITI Aayog, the scheme has been able to generate significant mass-mobilization towards valuing the girl child and to eliminate gender discrimination. The scheme has been able to develop many good practices and community level initiatives. The awareness about the scheme was also found to be high.
