ANSWER

**वाणिज्य एवं उद्योग मंत्रालय में राज्य मंत्री (श्री सोम प्रकाश)
THE MINISTER OF STATE IN THE MINISTRY OF COMMERCE & INDUSTRY
(SHRI SOM PARKASH)**

- (a) to (d):** Industrial Infrastructure Up-gradation Scheme (IIUS) was launched in 2003 with the objective of enhancing industrial competitiveness of domestic industry by providing quality infrastructure through public private partnership in selected

functional clusters/locations which have potential to become globally competitive. The Scheme was recast in February, 2009 on the basis of an independent evaluation to strengthen the implementation process. A modified version of IIUS viz. 'Modified Industrial Infrastructure Up-gradation Scheme (MIIUS)' was notified in July 2013. Under MIIUS, projects have been undertaken to upgrade infrastructure in existing Industrial Parks/ Estates/ Areas. The scheme has been discontinued since 31.03.2017.

The district-wise details of Engineering Clusters projects set up under IIUS in the country and funds sanctioned/allocated/released/utilized along with their progress under the scheme is at **Annexure-I**.

- (e) to (h):** The ODOP Initiative is aimed at fostering balanced regional development across all districts of the country. The idea is to select, brand, and promote One Product from each District (One District – One Product) of the country for enabling holistic socio-economic growth across all regions. At least one product from each district of the country has been selected under the ODOP initiative. The products have been selected by the State/UTs Government by taking into consideration the existing ecosystem on the ground. The finalized list is communicated to DPIIT by the relevant State/UTs Department. Textiles, Mandarin Orange, Cotton and Cotton seed oil are products that have been identified from the Amravati district of Maharashtra to be included under the 'One District One Product' Initiative.
