Steps being taken by the Ministry of Rural Development (MoRD) to increase local resources in construction of houses under PMAY-G are given below –

- i. MoRD with the help of IIT-Delhi, United Nations Development Programme (UNDP), and CSIR-Central Building Research Institute (CSIR-CBRI) undertook state-specific studies in 18 states for the development of house design typologies appropriate to local geo-climatic and cultural context with the disaster-resilient feature. As an outcome of the study, the Ministry published a compendium of region-specific house designs with the name 'Pahal' which includes 108 house designs for 62 housing zones in 15 States in the country.**
- ii. Encouraged to construct demonstration houses on region-specific house design typologies for PMAY-G beneficiaries to visit, experience and opt for.**
