

GOVERNMENT OF INDIA
MINISTRY OF JAL SHAKTI
DEPARTMENT OF DRINKING WATER AND SANITATION
LOK SABHA
UNSTARRED QUESTION NO. 3183
TO BE ANSWERED ON – 21.12.2023

MONITORING QUALITY OF DRINKING WATER

3183. SHRI JANARDAN SINGH SIGRIWAL:

Will the Minister of JAL SHAKTI be pleased to state:

- (a) whether the Government provides financial and technical assistance to the States including Bihar to test and monitor the quality of drinking water and cleanliness and if so, the details thereof;
- (b) the details of funds allocated and utilized during each of the last three years and the current year, State/UT-wise including Bihar;
- (c) the details of Water Quality Testing Laboratories (WQTL) set up in the country, State/ UT-wise; and
- (d) the measures being taken by the Government to provide safe and clean drinking water in the country?

ANSWER

THE MINISTER OF STATE FOR JAL SHAKTI
(SHRI RAJEEV CHANDRASEKHAR)

(a) to (d) Government of India, in partnership with States, is implementing Jal Jeevan Mission (JJM) since August, 2019 to provide potable tap water supply in adequate quantity, of prescribed quality and on regular & long-term basis to every rural household in the country. Drinking Water being a state subject, the responsibility of planning, approval, implementation, operation, and maintenance of drinking water supply schemes, including those under the Jal Jeevan Mission, lies with State/UT Governments. The Government of India supports the States including Bihar by providing technical and financial assistance.

Significant progress has been made in the country since the launch of Jal Jeevan Mission, towards enhancing access to tap water to rural households. At the start of Jal Jeevan Mission in August 2019, only 3.23 Crore (16.8%) rural households were reported to have tap water connections. So far, as reported by States/ UTs as on 18.12.2023, around 10.61 Crore additional rural households have been provided with tap water connections under JJM. Thus, as on 18.12.2023, out of 19.24 Crore rural households in the country, approximately 13.84 Crore (71.94%) households are reported to have tap water supply in their homes.

State/ UT-wise details of Central fund allocated, fund drawn and fund utilization reported under Jal Jeevan Mission during 2020-21, 2021-22, 2022-23 and 2023-24 as on date for supply of safe and potable water to households including to test and monitor the quality of drinking water are at **Annex-I**. The State Government of Bihar has not drawn funds from 2021-22 onwards.

As per the Operational Guidelines, States/ UTs can utilize up to 2% of the annual allocation of funds under JJM for Water Quality Monitoring & Surveillance (WQM&S) activities *inter alia* which includes setting up and strengthening of water quality testing laboratories, procurement of equipment, instruments, chemicals, glassware, consumables, hiring of skilled manpower, surveillance by community using field test kits (FTKs), awareness generation, educational programmes on water quality, accreditation/recognition of laboratories, etc.

As reported by States/UTs, so far 2,111 drinking water quality testing laboratories at different levels viz. State, regional, district, sub-division and/or block level, have been set up in the country. State-wise details of drinking water quality testing laboratories is at **Annex-II**. To encourage water quality testing to ensure potable drinking water supply, States/ UTs have opened water quality testing laboratories to general public for testing of their water samples at a nominal rate.

Under Jal Jeevan Mission, as per existing guidelines, Bureau of Indian Standards' BIS:10500 standards are adopted as benchmarks for quality of water being supplied through the piped water supply schemes. To enable States/ UTs to test water samples for water quality, and for sample collection, reporting, monitoring and surveillance of drinking water sources, an online JJM – Water Quality Management Information System (WQMIS) portal has been developed. The State-wise details of water quality test reported through WQMIS are available in public domain and can be accessed at: <https://ejalshakti.gov.in/WQMIS/Main/report>

In order to empower the communities to monitor the water quality States/ UTs have also been advised to identify and train 5 persons, preferably women, in every village to conduct water quality testing using Field Testing Kits (FTKs)/ bacteriological vials at village level and report the same on the WQMIS portal. So far, as reported by States/UTs, more than 23.49 lakh women have been trained for testing water using FTKs.

Annex-I

Annex-I referred in the reply to Lok Sabha Unstarred Question No. 3183 to be answered on 21.12.2023
