ANSWER

THE MINISTER OF NEW & RENEWABLE ENERGY AND POWER
(SHRI R.K. SINGH)

(a) & (b) Under the Off-grid and Decentralized Solar PV Applications Programme Phase-III, installation of 3 lakh solar street lights, distribution of 25 lakh solar study lamps and cumulative SPV capacity of 100 MWp solar power packs were targeted.

The Programme was demand driven and sanctions were issued to States/UTs based on demand received from them. No demand was received from the State of Jharkhand and therefore, no capacity was sanctioned to the State under the Programme. The Programme was closed for new sanctions on 31.3.2021.
