**ANSWER
THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND
FAMILY WELFARE
(SHRI ASHWINI KUMAR CHOUBEY)**

(a): The Ministry of Health & Family Welfare administers a Centrally Sponsored Scheme for 'Establishment of new Medical Colleges attached with existing district/referral hospitals'. The Phase-III of the Scheme has been approved by the Cabinet on 28.8.2019 to establish 75 more

new medical colleges by 2022-23. The State/UT Governments have been requested to send their proposals under this Scheme along with Detailed Project Report as per Scheme guidelines for consideration by the Ministry. As on date 26 medical colleges have been approved. Details are at **Annexure-I**.

(b) & (c) Under Phase-I of the Scheme, 58 districts in 20 States/UT have been identified and approved. Total cost of establishment of one Medical College is Rs.189 crore to be shared by Central and States in the ratio of 60:40 (90:10 for NE/Special category States). Funds to the tune of Rs.7507.70 crore have been released to the State/UT Governments for the approved medical colleges under the Scheme. 42 medical colleges have become functional. Utilization Certificate amounting to Rs.2629.15 crore have been received from the State Governments. Details are at **Annexure-II**.

Further, under Phase-II of the Scheme, 24 new medical colleges in 8 States have been identified. The total cost of establishment of one Medical College under this Phase is Rs.250 crore to be shared by Central and States in the ratio of 60:40 (90:10 for NE/Special category States). The State Governments have identified the locations on Challenge mode. Out of 24 medical colleges, 22 have been approved till date and funds to the tune of Rs.2254.59 crore have been released to the State Governments. Details are at **Annexure-III**.

(d) & (e): It was proposed to expand the Scheme further to provide at least one medical college or an Institute with facilities for Post Graduate Medical education in each district of the country in a phased manner through public or private participation. The Cabinet has approved the above proposal to grant financial assistance to the States under Phase-III of the Scheme for establishment of 75 new medical colleges attached with existing district hospitals. The locations of the proposed 75 medical colleges in Phase-III will be selected by the State Government on Challenge Mode with preference given to Aspirational Districts. The list of districts which do not have a medical college is at **Annexure-IV**.

(f): Proposals for establishment of medical colleges at Rajgarh, Mandla, Khargone, Neemuch, Mandsaar and Sheopur districts have been received from the Government of Madhya Pradesh and have been examined by the Technical Evaluation Committee. The final approval is granted by the Empowered Committee.
