A N S W E R

**MINISTER OF HUMAN RESOURCE DEVELOPMENT
(SHRI RAMESH POKHRIYAL 'NISHANK')**

(a) to (c): Health and Physical Education is a part of the school curriculum from Class I-XII. Health related age appropriate and context specific content have been integrated in the textbooks and supplementary reading materials of National Council of Educational Research and Training (NCERT).

The School Health Programm (SHP) under Ayushman Bharat is a joint collaborative Programme of the Ministry of Human Resources Development and Ministry of Health and Family Welfare. The programme targets both education and Health implementers and is envisaged to facilitate an integrated approach to health programming and more effective learning at the school level. SHP aims to foster growth, development and educational achievements of school-going children by promoting their health and well-being. It also aims to strengthen the concept of preventive, promotive and positive health.

The resource package of SHP including “Curriculum on Health and Wellness of School Going Children” was launched on 12.02.2020. Orientation Programme for the National Resource Group (NRG) and State Nodal Officers, including those from Gujarat and Madhya Pradesh State has been conducted on the said date. In the first phase, the programme covers 200 districts selected from aspirational and Rashtriya Kishore Swasthya Karyakram (RKSK) districts in the Government and Government aided upper primary, secondary, senior secondary schools.
