- (b) the district-wise number of persons benefited by the MII project in Jharkhand;
- (c) the district-wise details of fund allocated/released/ utilised in Jharkhand under the MII project; and
- (d) the details of works carried out under the MII?

ANSWER

वाणिज्य एवं उद्योग मंत्री (श्री पीयूष गोयल)

**THE MINISTER OF COMMERCE & INDUSTRY
(SHRI PIYUSH GOYAL)**

- (a) to (d):** 'Make in India' was launched with the objective of facilitating investment, fostering innovation, building best in class manufacturing infrastructure, making it easy to do business and enhancing skill development with specific actions under (i) Policy Initiatives (ii) Fiscal Incentives (iii) Infrastructure Creation (iv) Ease of Doing Business (v) Innovation and R&D (vi) Skill Development areas. The 'Make in India' initiative is not a State/ district/ cities/ area specific initiative rather it is being implemented all over the country.

'Make in India' initiative has been reviewed and is now focusing on 27 sectors. Department for Promotion of Industry and Internal Trade is coordinating action plans for 15 manufacturing sectors while Department of Commerce is coordinating 12 service sectors. The list of 27 sectors is placed at **Annexure I**.

The Government of India is making continuous efforts under Investment Facilitation including financial assistance to Invest India and

for implementation of Make in India action plans to identify potential investors. Support is being provided to Indian Missions abroad and State Governments for organising events, summits, road-shows and other promotional activities to attract investment in the country under the Make in India banner. Investment Outreach activities are being carried out for enhancing International co-operation for promoting FDI and improve Ease of Doing Business in the country.

The total Foreign Direct Investment (FDI) inflow was USD 318.80 billion between April 2014 and September 2019- representing nearly 50% of the cumulative FDI in India since April 2000. In 2018-19, FDI inflow stood at a record of USD 62 billion, highest ever recorded for a fiscal year.

Steps taken to improve Ease of Doing Business include simplification and rationalisation of existing processes. As a result of the measures taken to improve the country's investment climate, India jumped to 63rd place in World Bank's Ease of Doing Business ranking as per World Bank's Doing Business Report (DBR) 2020. This is driven by reforms in the areas of Starting a Business, Paying Taxes, Trading Across Borders, and Resolving Insolvency.

Activities under the initiative are also undertaken, through schemes/ programmes, by several Central Government Ministries/ Departments and various State Governments from time to time. The details of these measures are not centrally maintained.

ANNEXURE I
