

**GOVERNMENT OF INDIA
MINISTRY OF HEALTH AND FAMILY WELFARE
DEPARTMENT OF HEALTH AND FAMILY WELFARE**

**LOK SABHA
UNSTARRED QUESTION NO. 2551
TO BE ANSWERED ON 06TH MARCH, 2020**

DIALYSIS CENTRES

**2551. SHRI SANJAY SETH:
SHRI HIBI EDEN:**

Will the Minister of **HEALTH AND FAMILY WELFARE** be pleased to state:

- (a) whether the Government has noticed the increase in chronic kidney disease affecting the lives of financially deprived people due to lack of cost effective dialysis centres, if so, the details thereof;
- (b) whether the Government has any plan to establish peritoneal dialysis services centres to provide doorstep dialysis services for kidney patients across States/UTs including Jharkhand;
- (c) if so, the details thereof;
- (d) whether the Government has any special proposal in this regard; and
- (e) if so, the details thereof?

**ANSWER
THE MINISTER OF HEALTH AND FAMILY WELFARE
(DR. HARSH VARDHAN)**

(a) to (e): As informed by Indian Council of Medical Research (ICMR), Disability Adjusted Life Years (DALY) related to chronic kidney disease has increased by 12% between 1990 to 2016, as per the Global Burden of Disease – India Study. However, it is anticipated that with increase in cases of Diabetes & Hypertension as well as awareness about kidney diseases, more cases are getting reported in hospitals. The ICMR conducted a prevalence study of CKD in the Indian population with centres at Delhi, Jaipur, Hyderabad, Bhubaneswar, Kolkata, Guwahati and Mumbai. The initial trends of data indicates a community prevalence of CKD on first screening ranging from 5.5% - 18.2% with an average prevalence of 11.4% on first screening.

Under Pradhan Mantri National Dialysis Programme (PMNDP), State Governments are supported for providing dialysis services free of cost to the poor under the Umbrella of the NHM. Such support is based on the proposals received from States in their annual Programme Implementation Plans (PIPs). A total of 474 Districts have been covered with 824 Centres having 5014 machines with a combined capacity of performing approximately 62.88 Lakhs Haemodialysis Sessions under PMNDP. Guidelines for establishing peritoneal dialysis services under PMNDP have also been issued by the Ministry of Health & Family Welfare and all the States/UTs including Jharkhand have been requested to sent proposals for peritoneal dialysis in their Project Implementation Plan (PIPs).
