- (c) whether it has created a negative impact on the employment opportunities of the students of ITIs, if so, the details thereof; and
- (d) the measures taken by the Government to make the syllabus contemporary as per the needs of the industry?

**ANSWER**

**MINISTER OF STATE IN THE MINISTRY OF  
SKILL DEVELOPMENT AND ENTREPRENEURSHIP  
(SHRI R. K. SINGH)**

(a) to (d) No sir, the process of revision of ITI syllabus is a continuous process which is carried out as per the demand of industries, or on advent of latest technology and includes introduction of new trades, deletion of obsolete trades and revamping of existing trades. A "Recommendation Committee on Norms & Courses" under Directorate General of Training (DGT), Ministry of Skill Development & Entrepreneurship (MSDE) has been constituted which carries out this task based on suggestions of industry experts, State Directors and other stake holders which are members of this committee.

The curricula of all 137 trades implemented in ITIs under Craftsmen Training Scheme (CTS) have been recently revamped and are available at official website of DGT at <https://dgt.gov.in/>.
