(a) to (e): Various reforms/steps have been taken to enhance Defence exports. These reforms have provided a big boost to defence exports in the recent times. The authorisation for defence exports in the country have grown seven folds in the last two years. The steps taken to promote defence exports is at Annexure.

Outsourcing is used as a strategic tool to achieve cost benefits and helps in complementing the strength of private sector to build a strong industrial base. It also helps in meeting the delivery schedules and is therefore done by DPSUs and OFB.
