

**GOVERNMENT OF INDIA
MINISTRY OF HEALTH AND FAMILY WELFARE
DEPARTMENT OF HEALTH AND FAMILY WELFARE**

**LOK SABHA
UNSTARRED QUESTION NO. 4594
TO BE ANSWERED ON 20TH MARCH, 2020**

PRADHAN MANTRI NATIONAL DIALYSIS PROGRAMME

**4594. SHRI PRASUN BANERJEE:
SHRIMATI POONAMBEN MAADAM:**

Will the Minister of **HEALTH AND FAMILY WELFARE** be pleased to state:

- (a) the details of States/UTs where Pradhan Mantri National Dialysis Programme (PMNDP) has not been implemented;
- (b) the reasons for not implementing the said programme in the above mentioned States/UTs and the reaction of the Government thereto;
- (c) the details of the efforts made by the Government to implement PMNDP in such States/UTs;
- (d) whether the Government provides free dialysis to people under the Pradhan Mantri Jan Arogya Yojana (PMJAY), if so, the details thereof; and
- (e) the reasons for including the procedure in PMJAY in spite of having a separate dialysis programme under PMNDP?

**ANSWER
THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND
FAMILY WELFARE
(SHRI ASHWINI KUMAR CHOUBEY)**

(a) to (c): “Public Health and Hospitals” is a State subject. The Central Government, however, supplements the efforts of State Governments through technical and financial support. Under National Health Mission (NHM), support is provided to States /UTs to strengthen their health care systems including support for dialysis services, on the basis of proposals received from the States in their Programme Implementation Plans (PIPs).

The States where Pradhan Mantri National Dialysis Program (PMNDP) has not been implemented are Meghalaya and Chhattisgarh. The state of Meghalaya has floated the tender multiple times to finalize service provider for providing dialysis services under Public Private Partnership mode in the state, but the bids were non responsive. In Chhattisgarh, contract has already been signed with the service provider for operationalization of dialysis services on PPP mode.

(d) & (e): Ayushman Bharat Pradhan Mantri Jan Arogya Yojana (AB PM-JAY) has 1392 packages and one unspecified surgical package. Out of these, three packages pertain to dialysis such as Haemodialysis, Peritoneal dialysis and Arteriovenous shunt for the beneficiaries. Dialysis may be required to cover an eventuality whereby a patient admitted for treatment of some other disease is required to undergo this procedure. Besides this, an AB PM-JAY beneficiary may be able to get the dialysis done nearer to his residence at an empaneled hospital also.
