**ANSWER  
THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND  
FAMILY WELFARE  
(SHRI ASHWINI KUMAR CHOUBEY)**

(a) to (f): As per information provided by the Board of Governors in supersession of Medical Council of India (BOG-MCI), a total of 34 Medical Colleges were granted Letter of Permission (LoP) in the academic year 2016-17 for establishment of new medical colleges under Section 10A of Indian Medical Council Act, 1956 by the Central Government, as per the directive /approval of Supreme Court Mandated Oversight Committee (OC). The status for successive years i.e 2017-18, 2018-19 and 2019-20 is at **Annexure**.

Permission to medical colleges is governed by Section 10 (A) of Indian Medical Council Act, 1956. Permission for establishment/ renewal permission to a medical college is granted by Central Government on the basis of recommendations by Medical Council of India (MCI)

[currently by Board of Governors in supersession of Medical Council of India ] after assessment as per Minimum Standard Requirements under the MCI Regulations, 1999. The permission is initially granted for one year and is renewed on yearly basis subject to verification of achievements of annual targets. Medical Colleges which fail to meet the minimum standards are not given permission/renewal permission. In the event of closure of a college, based on the proposal of the concerned State Government, the students of such college are shifted to other medical college (s) in the State.
