**ANSWER**

MINISTER OF AGRICULTURE AND FARMERS WELFARE

कृषि एवं किसान कल्याण मंत्री ( SHRI NARENDRA SINGH TOMAR)

(a): The main objective of the Dynamic Seed Rolling Scheme/Seed Rolling Plan is to assess the requirement of certified/quality seed in different States/UTs well in advance of three years. Through this system, it is ensured that quality seeds of newly released high yielding, short/medium duration, stress-tolerant and bio-fortified varieties capable of increasing the yield and reducing the input cost indifferent crops will reach the farmers.

By using these seeds, farmers are getting better yield and the input cost is decreased which helps in increasing their income.

(b): There is sufficient quantity of breeder, foundation, certified and quality seed is available in the country to meet the demand of all States/UTs including backward regions also.

(c) & (d): The question does not arise.
