ANSWER

THE MINISTER OF STATE (INDEPENDENT CHARGE) FOR POWER, NEW & RENEWABLE ENERGY AND THE MINISTER OF STATE FOR SKILL DEVELOPMENT & ENTREPRENEURSHIP

( SHRI R.K. SINGH)

(a) & (b): To alleviate the financial stress on the Discoms due to impact of Covid-19, the Government vide letter 20.08.2020 has advised the Generating Companies and Transmission Companies to charge Late Payment Surcharge (LPS) at a rate not exceeding 12% per annum for all payments made under the Liquidity Infusion Scheme through PFC and REC under Atmanirbhar Bharat.
(c) & (d): The interest rates in the country have softened over the last few years. While the rate of LPS for generating and transmission companies regulated by CERC under CERC Tariff regulations is 18% per annum, the rates for other generating and transmission companies are as per provisions of PPA (Power Purchase Agreement) / TSA (Transmission Service Agreement) or the SERC regulations, which vary from PPA/TSA to PPA/TSA and State to State.

(e): On directions of the Central Government, Central Electricity Regulatory Commission had reduced the rate of LPS applicable under the CERC Tariff Regulations to 12% per annum for the period from 24th March 2020 to 30th June 2020. Further as mentioned above, the Generating Companies and Transmission Companies have been advised to charge reduced rate of LPS for all payments made under the Atmanirbhar Bharat Liquidity Infusion Scheme.
