STATEMENT REFERRED TO IN REPLY OF PARTS (a) to (e) OF THE LOK SABHA STARRED QUESTION NO. *436 (16TH POSITION) FOR ANSWER ON 25.3.2021 REGARDING STATUS OF SMART CITIES IN UTTAR PRADESH.

(a) to (e) Government of India launched Smart Cities Mission (SCM) on 25 June 2015 for development of 100 cities as Smart Cities. 10 cities of Uttar Pradesh (UP) viz. Agra, Aligarh, Bareilly, Jhansi, Kanpur, Lucknow, Moradabad, Prayagraj, Saharanpur & Varanasi were selected for development as Smart Cities.

As per SCM Statement and Guidelines, Central Government is to give financial support to the Mission to the extent of ₹ 48,000 crore over five years, i.e. at an average of ₹ 500 crore per city. An equal amount, on a matching basis, is to be contributed by the State/Urban Local Body(ULB). Apart from these funds, around ₹ 42,028 crore (21%) has been proposed from convergence with other Missions, ₹ 41,022 crore (21%) from Public-Private Partnership (PPP), around ₹ 9,843 crore (4.8%) from loans, ₹ 2,644 crore (1.3%) from own resources and remaining from other sources. As on 5 March 2021, Government of India has released ₹ 1,710 crore for Smart Cities of UP, out of which, these Smart Cities have already utilized ₹ 1,554 crore (91%).

The implementation of SCM at the Smart City level is done by a Special Purpose Vehicle (SPV) which is a Board-run entity registered under the Companies Act, 2013 and is 50:50 owned by the concerned State Government/ULB. These SPVs plan, approve,

The pace of implementation of Smart Cities projects in the State of UP is satisfactory.
