(a): To improve the liquidity of sugar mills thereby enabling them to clear cane price dues of farmers, Central Government has taken number of initiatives from time to time. The details of funds provided to sugar mills under various measures during the last three sugar seasons and the current sugar season are as under:

\[\ldots\ldots2/-\]
SUGAR SEASON 2017-18:

(ii) Allocated buffer stock of 30 LMT amongst sugar mills in sugar season 2017-18 for which Government decided to reimburse carrying cost of Rs.780 crore towards maintenance of buffer stock.

SUGAR SEASON 2018-19

i. Extended interest subvention on the loans given by banks to sugar mills under the scheme namely “Scheme for extending financial assistance to sugar mills for enhancement and augmentation of ethanol production capacity”. Interest subvention @ 6 % per annum or 50% of rate of interest charged by banks, whichever is lower, on the loans extended by banks is borne by the Central Government for five years including one year moratorium against the loan availed by project proponents.

SUGAR SEASON 2019-20

(i) Allocated buffer stock of 40 LMT amongst sugar mills for a period of one year from 1st August, 2019 to 31st July, 2020 for which Government decided to reimburse carrying cost of Rs.1674 crore towards maintenance of buffer stock.

(ii) Providing assistance to sugar mills @ Rs 10448/MT to facilitate export of sugar for expenses on export of 60 LMT of sugar in sugar season 2019-20 for which an estimated expenditure of Rs 6288 Cr would be borne by Govt.
