- (b) the amount spent by the Government on RGM during the said period;
- (c) the details of measures taken for breed improvement under RGM during the said period; and
- (d) whether the Government is able to achieve its target under RGM of preserving indigenous cattle breeds, if so, the details thereof and if not, the reasons therefor?

## **ANSWER**

## THE MINISTER OF STATE FOR FISHERIES, ANIMAL HUSBANDRY AND DAIRYING (DR. SANJEEV KUMAR BALYAN)

- (a) The number of Gokul Grams established under Rashtriya Gokul Mission (RGM) is given at Annexure I.
- (b) Amount of Rs 1841.75 crore has been released to States/UTs/ Research Institutions and NDDB since 2014-15 till 31<sup>st</sup> January 2021 for implementation of Rashtriya Gokul Mission.
- (c) Measures taken for breed improvement under Rashtriya Gokul Mission are as under:
- (i) Extension of AI Coverage: Nationwide AI programme; Establishment of MAITRI centres; Strengthening of existing AI centres & Semen Stations and Training of Existing AI Technicians
- (ii) Production of HGM Bulls: Pedigree Selection and Progeny Testing
- (iii) Breed Improvement by Modern Technology: Sex sorted semen production; Establishment of IVF laboratories and Genomic selection
- (iv) Development and conservation of indigenous breeds: Establishment of Gokul Grams and Establishment of National Kamdhenu Breeding Centre.
- (d) As a result of implementation of the Rashtriya Gokul Mission population of indigenous and non-descript female cattle have increased by 10% from 89.22 million to 98.17 million between Livestock Census 2012 and 2019. Milk production from non descript and indigenous cattle has been increased by 36.29% from 28.3 million tonnes in 2013-14 to 38.57 million tonnes in 2018-19 (As Per Basic Animal Husbandry Statistics 2019).

Annexure-I
Details of the Gokul Gram established /Work in Progress under Rashtriya Gokul Mission

| Name of the State | No. | Location                         |
