Science and Society Programme (SSP), Tribal Sub Plan (TSP) and Development Action Plan for Scheduled Caste (DAPSC), Science and Technology for Women including Women**

**Technology Parks (WTPs), Technology Missions and Biotechnology Programme for Societal Development etc. Most of the above mentioned schemes and programmes of the Ministry, promote development, adaptation and deployment of S&T, through various field-based activities for sustainable development at community level by Non-Governmental Organizations (NGOs). These programs also help in capturing field level problems, traditional knowledge and mapping of resources to facilitate development of relevant S&T solutions and updating knowledge through R&D organizations and academia.**

**The details of the Non-Governmental Organizations/Voluntary Organizations and funds released under various schemes State/UT-wise in last three years and current year is given as Annexure I.**

State-wise details of number of persons benefited and got employment is given in Annexure II.**

**Apart from socio-economic benefit to the women in rural areas, a large number of women in India are highly qualified in science and are unable to pursue a career in science due to social and family reasons. India cannot afford to miss out the skills and talent of such highly educated women. The Women Scientists Scheme (WOS-C) of DST provides opportunities to women scientists in the area of Intellectual Property Rights (IPR) and train women having qualifications in science/engineering / medicine or allied areas in IPR and its management for a period of one year. The training allows them to work from their homes and maintain an appropriate work life balance. Technology Information, Forecasting & Assessment Council (TIFAC), an autonomous institution of DST, is implementing the WOS-C scheme on behalf of DST.**

**In last three years including current year, 437 women were trained under this scheme and 180 have got gainful employment after completion of training. Year-wise distribution of women beneficiaries under WOS-C is given in Annexure III.**

**Details of the Non-Governmental Organizations/Voluntary Organizations and funds released under various schemes State/UT-wise in last three years and current year**
