GOVERNMENT OF INDIA
MINISTRY OF RAILWAYS

LOK SABHA
UNSTARRED QUESTION NO. 397
TO BE ANSWERED ON 03.02.2021

SABARI RAILWAY LINE PROJECT

397. SHRI ANTO ANTONY:
SHRI THOMAS CHAZHIKADAN:
ADV. ADOOR PRAKASH:

Will the Minister of RAILWAYS be pleased to state:

(a) the current status of Sabari Railway Line Project in Kerala along with the
details of total length, number of stations proposed and the estimated
cost of implementation of this project;

(b) whether the Government has agreed to share the cost of implementation
with the State Government, if so, the details thereof;

(c) whether the Government of Kerala has given consent to bear 50% of the
implementation cost, if so, the details of cost sharing between Centre and
State in this regard;

(d) the steps taken by the Government for timely completion of the project;

(e) whether there is any possibility to connect Cherthala Railway Station and
Kottayam Railway Station via Kumarakom with the said project; if so, the
details thereof; and

(f) whether the Government is planning to start a coach factory in Palghat,
Kerala during the financial year 2021-22, if so, the details thereof?

ANSWER

MINISTER OF RAILWAYS, COMMERCE & INDUSTRY AND
CONSUMER AFFAIRS, FOOD & PUBLIC DISTRIBUTION

(SHRI PIYUSH GOYAL)

(a) to (f): A Statement is laid on the Table of the House.
STATEMENT REFERRED TO IN REPLY TO PARTS (a) TO (f) OF UNSTARRED
QUESTION NO. 397 BY SHRI ANTO ANTONY, SHRI THOMAS CHAZHIKADAN
AND ADV. ADOOR PRAKASH TO BE ANSWERED IN LOK SABHA ON
03.02.2021 REGARDING SABARI RAILWAY LINE PROJECT

(a) to (d): Angamali-Sabarimala new rail line was included in the Railway
Budget for 1997-98 at a cost of ₹ 550 crore. Total length of the project is 116
Km. Latest anticipated cost of the project is ₹ 2815 crore.

There are 14 stations proposed in this project- (i) Angamali, (ii) Kaladi,
(iii) Perumbavoor, (iv) Odakkali, (v) Kothamnagalam, (vi) Moovattupuzha, (vii)
Vazhakkulam, (viii) Thodupuzha, (ix) Karimikunnam, (x) Ramapuram, (xi)
Bharanaganam, (xii) Chelamattom, (xiii) Kanjirapalli Road, and (xiv) Erumeli.

The 5 km section of this project was passing through Periyar Tiger
Reserve Forest. On the request of State Government, the project was
terminated at Erumeli due to reserve forest area. Alignment of the project
passes through three Districts i.e. Ernakulam, Idukki and Kottayam districts.
Final location survey (FLS) for Angamali-Kaladi-Ramapuram section (70 Km)
has been completed in 2002 and further survey in the Kottayam district was
stopped by local people in 2007 due to objections on alignment.

Consequently, in this project, work on Angamali-Kaladi (7 Km) and long
lead works on Kaladi-Perumbavoor (10 Km) have been taken up. However,
further works on this project could not be taken forward due to protests by
local people against land acquisition and fixing of alignment of the line,
court cases filed against the project and inadequate response from the State
Government of Kerala.
This has delayed the execution of the above project and as a result, project cost has increased from ₹ 550 crore in 1997 to ₹ 1566 crore (including land cost of ₹ 719 crore) in 2011 and further to ₹ 2,815 crore (including land cost of ₹ 965 crore) in 2017. As taking forward of this project showing 512% increase in project cost solely with Railway Funds was not possible, Railway had requested Government of Kerala vide letters dated 06.09.2011, 22.12.2011, and 08.10.2012 to share at least 50% cost of the project.

Government of Kerala vide their letter dated 27.11.2015 agreed to share 50% cost of the project. Government of Kerala had also identified this project for execution under Joint Venture Scheme with Ministry of Railways and therefore, an MoU was also signed on 01.09.2016. Unfortunately, within a year, the State Government vide letter dated 15.11.2016 withdrew their own consent to share 50% cost of the project.

However, given the public demand, Railways again conducted detailed deliberations on the feasibility of taking forward this project vis-à-vis the availability of funds. Due to significant deficit, it was again decided by Railways in December, 2017 that the project should be undertaken on cost sharing basis.

Government of Kerala was again requested vide letters dated 06.02.2018 and 01.03.2018 for their consent to share at least 50% cost of the project for the benefit of the State. There has been no positive response to this offer. As the State Government has withdrawn its own previously sanctioned consent to share 50% cost of the project and is not cooperating in resolving the various obstructions, Railways has decided to freeze further expenditure on this project temporarily, and keep execution of works in abeyance, in September, 2019.
Ministry of Railways vide letter No. 93/W-I/Survey/SR/11 dated 11.01.2020 advised Government of Kerala that it is not feasible for Railways to take the project forward solely with Railway funds, and State Government of Kerala was again requested to share the cost of development of Railway network in the State. This will help Railways to provide the much required rail link for the travelling needs of local people and pilgrims to the Holy Shrine.

After long persuasion, recently Government of Kerala vide letter dated 07.01.2021 has conveyed their decision to share 50% of the total project cost (₹ 2815 crore) of Angamali – Sabarimala Railway project through Kerala Infrastructure Investment Fund Board (KIIFB), subject to the condition that operation and maintenance of the track shall be done by Ministry of Railways while the stations along the route will be developed by an Special Purpose Vehicle (SPV) (through public private partnership route) and the net revenue realized by the SPV will be shared on a 50:50 basis between State Government and Ministry of Railways, after offsetting the cost of Operation & Maintenance (O&M) as agreed to by Railways. This is not in line with the consent given earlier by Government of Kerala vide letter dated 27.11.2015.

(e): Rail connectivity from Kottayam to Cherthala via Kumarakom is not feasible as there are large water bodies in between and no additional traffic is anticipated from this section.

(f): The requirement of coaches vis-a-vis available manufacturing capacity within Indian Railways has been reviewed recently and requirement of main line coaches in near future does not justify initiating construction of a new coach factory.
