(a) During the last 3 years (2017-18 to 2019-20) total Central Assistance (CA) of Rs.1690.35 crore has been released under Command Area Development and Water Management (CADWM) Programme to various States. While the 'Narmada Canal project' is included only for non-structural interventions, 'Modernization of Gang Canal project' involves both structural and non-structural interventions. The structural interventions mainly aim for last-mile connectivity through construction of lined field channels, whereas the non-structural interventions are for strengthening of participatory irrigation management. The extent of Central Assistance and funds utilized during last 3 years and districts benefitted under these projects are as below:

Projects	Financial Progress during 2017-18 to 2019-20 ( Rs. crore)		Districts benefitted
	Central Assistance	Expenditure (including State share)

Modernization of Gang Canal	20.129	56.54	Sriganganagar

CADWM works in different projects are being implemented by respective State Governments as per CADWM guidelines and the scope of works agreed at the time of project inclusion. The program implementation is being monitored through the regional offices of Central Water Commission and the Project Management Unit of PMKSY. The web-based CADWM information system is also used for capturing the progress of project and archiving of information. A Project Implementation Review Committee (PIRC) has been constituted for periodic review of CADWM implementation, and its continual improvement.
