- (c) if not, the reasons therefor;**
- (d) whether an analysis to understand the reasons for the successful and non-successful of trainees has been done and a review of the existing training scheme conducted; and**
- (e) if so, the details thereof and if not, the reasons therefor?**

**ANSWER
THE MINISTER OF STATE (INDEPENDENT CHARGE)
FOR YOUTH AFFAIRS AND SPORTS
[SHRI KIREN RIJITU]**

(a) to (c): Preparation of Indian sportspersons and teams for international sports events including Olympics-2021 is an ongoing process. The Central Government is supporting sportspersons through National Sports Federations (NSFs) for their training, foreign exposures and competitions to enable them to obtain maximum quota for participation in Olympics and enhance their chances of winning medals. Under the Target Olympic Podium Scheme (TOPS), customized training and allied facilities are also being made available to medal prospects and high achievers. The details of number of sportspersons,

event-wise, trained for preparation of Olympics-2021 is at Annexure. At present, 42 athletes and Hockey Men's & Women's teams in TOKYO 2021 Olympics and 23 athletes in Tokyo 2021 Paralympics have secured quota for India.

(d) & (e): Regular performance analysis for athletes selected under TOPS-Core and Development Group are carried out by Mission Olympic Committee. Performance analysis for budding athletes under Khelo India Scheme is conducted by Talent Identification and Development Committee on respective sport. However, it is prerogative of National Sports Federations (NSFs) to select national teams for which NSFs conduct national trials and domestic competitions to assess current form of athletes for selection to National Team.

An assessment process for the NSF, wherein, the key result areas and targets are set during the finalisation of Annual Calendar for Training & Competition (ACTC) under the "Assistance to NSF Scheme" for Government funding, has been instituted.
