GOVERNMENT OF INDIA MINISTRY OF HEALTH AND FAMILY WELFARE DEPARTMENT OF HEALTH AND FAMILY WELFARE

LOK SABHA STARRED QUESTION NO.73 TO BE ANSWERED ON THE 23RD JULY, 2021

PHASE-3 STRATEGY OF COVID-19 VACCINATION

*73. SHRI MAGUNTA SREENIVASULU REDDY: SHRI KURUVA GORANTLA MADHAV:

Will the Minister of **HEALTH AND FAMILY WELFARE** be pleased to state:

(a) whether the Liberalized and Accelerated Phase-3 Strategy of COVID-19 Vaccination has started from 1st May 2021, if so, the details thereof;

(b) whether every month 50 percent of total doses of vaccines cleared by the Central Drugs Laboratory (CDL) would be procured by the Union Government;

(c) if so, the details thereof and the quantity of vaccine doses demanded by States/UTs and provided so far, both through the free of cost category and direct State procurement category, month/State/UT-wise;

(d) the quantity of COVID Vaccine doses still available with the States/UTs out of the total quantity supplied to them;

(e) whether there has been a decline in demand for vaccines after liberalization of procurement of COVID Vaccine by States/UTs, if so, the details thereof, State/UT-wise; and

(f) the details of all COVID related medical equipments and supplies, including oxygen concentrators and medicines, demanded by States/UTs, month/State/UT-wise?

ANSWER THE MINISTER OF HEALTH AND FAMILY WELFARE (SHRI MANSUKH MANDAVIYA)

(a) to (f): A Statement is laid on the Table of the House.

STATEMENT REFERRED TO IN REPLY TO LOK SABHA STARRED QUESTION NO. 73 FOR 23RD JULY, 2021

(a) Multiple States had repeatedly demanded that they be allowed to procure vaccines directly and administer them as per their requirements. In this context and based on field experiences "Liberalized Pricing and Accelerated National COVID-19 Vaccination Strategy" was being implemented from 1st May'21 to 20th June'21. Under this strategy, Government of India was procuring 50% of the monthly vaccine production and continued to provide it to States free of cost for administering to priority groups. The State Government and private hospitals were also empowered to directly procure the remaining 50% vaccine.

(b) to (d): In view of the experiences gained from implementation of "Liberalized Pricing and Accelerated National COVID-19 Vaccination Strategy" and the repeated requests received from States, the Guidelines for National COVID Vaccination Program were reviewed and "Revised Guidelines for Implementation of National COVID Vaccination Program" were issued on 8th June 2021. These guidelines became effective from 21st June 2021. According to these guidelines, Government of India is procuring 75% of the vaccines being produced by the manufacturers in the country and cleared by Central Drugs Laboratory (CDL). These vaccines are provided free of cost to States/UTs to vaccinate all adult Indians more than 18 years of age.

As on 20th July 2021, a total of 34.82 crore doses have been provided free of cost by Government of India to all States/UTs since the beginning of vaccination drive (State/UT-wise details at Annexure-1) and 4.57 crore doses have been procured directly by States/UTs during 1st May'21 to 20th June'21. (State/UT-wise details are at Annexure-2).

(e) During the implementation of "Liberalized Pricing and Accelerated National COVID-19 Vaccination Strategy" the total number of doses administered declined from 8.99 crore in April 2021 to 6.10 crore in May 2021. States through multiple communications intimated that they were facing difficulties in managing the funding and logistics of direct procurement of vaccines. This in turn had an impact on the total number of doses administered.

(f) A total of 11,197 Oxygen concentrators have been supplied and further one lakh oxygen concentrators are being procured. Further, 1571 Oxygen Pressure Swing Adsorption (PSA) plants are being installed across States/UTs. The details of Oxygen concentrators and PSA plants is at Annexure-3. In addition, 44,028 ventilators, 122.51 lakh vials of Remdesivir, 1013.25 lakh doses of HCQ tablet, 14,23,085 Amphotericin-B injection and 54,836 Toclizumab injections have been supplied to States/UTs. The details are at Annexure-4.

State/UT-wise details of free vaccine supply by Government of India (No. of doses as on 20th July'21)
