- X. National Animal Disease Control Programme (NADCP)
- XI. Livestock Census and Integrated Sample Survey

(b) Recently, Government has revised and realigned some of the components of the following existing schemes in order to have focussed development of animal husbandry and dairying across the country in the next 5 years starting 2021-22.

- I. Rashtriya Gokul Mission(RGM)
- II. National Programme for Dairy Development (NPDD)
- III. National Livestock Mission(NLM)
- IV. Livestock Health & Disease Control(LH&DC)

(c) and (d) The details of funds allocated and funds released under schemes for development of Animal Husbandry in West Bengal, in the budgetary allocation 2020, are as under -

(Rs. In Lakh)

Name of the Scheme	Fund Allocation (tentative)	Fund Released
Rashtriya Gokul Mission*	-	202.50
National Livestock Mission**	0	0
Livestock Health & Disease Control	2392.80	471.11
National Animal Disease Control Programme (NADCP)#	-	1006.39

*State-Wise fund allocation is not made under RGM as it is a demand driven scheme.

**There was no State-Wise budgetary allocation during the year 2020 under NLM as no proposals was received from State Government of West Bengal and hence no fund was released to the state. However, during the last 6 years (from 2016-17), a total fund of Rs.1294.70 lakhs has been released to the State of West Bengal under NLM.

Under NADCP, there is no state-wise allocation but funds are released to States/UTs on basis of action plan received from States/UTs.
