ANSWER

वाणिज्य एवं उद्योग मंत्रालय में राज्य मंत्री (श्रीमती अनुप्रिया पटेल)

THE MINISTER OF STATE IN THE MINISTRY OF COMMERCE AND INDUSTRY
(SMT. ANUPRIYA PATEL)

- (a) to (e) Products and services with export potential have been identified under the Districts as Export Hubs initiative in all districts of the country. The list of identified products and services in districts, including from the state of Madhya Pradesh, is at **Annexure**.

District export action plans include identifying specific actions required to support local exporters / manufacturers in producing/manufacturing identified products in adequate quantity and with the requisite quality, and reaching potential buyers outside India. This includes identifying and addressing challenges for exports of the identified products/services, improving the supply chains, market accessibility and handholding for increasing exports.

As the focus under Districts as Export Hubs initiative will be on export growth of identified products, manufacturing of some of these products will also get a boost, leading to less import dependence. Scaling up production and improving quality standards of the products helps in creating a conducive environment for exporters and manufacturers to compete internationally.
