A set of Reforms and Capacity Building have also been included in the Mission.

Reforms and Capacity Development programmes of AMRUT have already been completed. So far, out of the grounded projects worth ₹79,994 crore, works worth around ₹52,000 crore have been physically completed.

Further, against the target to provide 139 lakh water tap connections to achieve universal coverage in AMRUT cities, 107 lakh new water tap connections have been provided under AMRUT and in convergence of other Schemes.

Further, against the target to provide sewer connections/ septage facilities to 145 lakh households in AMRUT cities, 79 lakh households have been provided new sewer connections/ septage facilities under AMRUT and in convergence with other Schemes.

(d): Total central outlay under AMRUT is ₹50,000 crore, of which ₹35,990 crore has been allocated for Central Assistance to States/ Union Territories (UTs) for AMRUT projects. So far, funds amounting to ₹32,534 crore have been released as Central Assistance (CA) under AMRUT to the States/UTs, of which ₹26,298 crore has been released for AMRUT projects.

(e) & (f): So far, 5,740 projects have been awarded by States /UTs under AMRUT scheme, of these 3,613 projects have been completed.

The State Annual Action Plans (SAAPs) for AMRUT projects amounting to ₹77,640 crore have been approved for all the States/ UTs for the entire Mission period, which includes ₹35,990 crore of committed Central Assistance.
