(b) & (c): The Government has adopted a multi-pronged approach to counter cross border crimes i.e. infiltration, terrorism, smuggling etc which has an appropriate mix of technology and human resource. Innovative troop deployment, proactive use of surveillance and monitoring devices has

enhanced the ability to detect and intercept terrorists attempting infiltration/exfiltration. The security forces regularly carry out threat assessment and analysis of past infiltration attempts and based on these reviews, drills and procedures are modified to counter emerging threats.
