(Amount in Rs. Crore)

Year	Central share					Expenditure under State share

(c) & (d) At the time of announcement of Jal Jeevan Mission in August, 2019, out of total 163.26 lakh rural households in West Bengal, only 2.14 lakh (1.21%) households were reported to have tap water connections. Since then, another 16.55 lakh [9.34%] households have been provided tap water connections. Thus, as on date, out of 177.23 Lakh rural households in the State, 18.70 lakh (10.55%) households have tap water supply in their homes. West Bengal has planned to make provision of tap water supply to every rural home by 2024.
