**ANSWER**

**THE MINISTER OF STATE OF THE MINISTRY OF AYURVEDA,  
YOGA & NATUROPATHY, UNANI, SIDDHA AND HOMOEOPATHY  
(DR. MUNJPARA MAHENDRABHAI)**

(a): Yes. The Ministry of AYUSH has formed an Inter-disciplinary AYUSH R&D Task Force having representation from Indian Council of Medical Research (ICMR), Department of Biotechnology (DBT), Council of Scientific and Industrial Research (CSIR), All India Institute of Medical Sciences (AIIMS) and AYUSH Institutions. The Inter-disciplinary AYUSH R&D Task Force has formulated and designed clinical research protocols for prophylactic studies and add-on interventions in COVID-19 positive cases through thorough review and consultative process of high repute experts from different organizations across the country for studying four different interventions viz. Ashwagandha, Yashtimadhu, Guduchi + Pippali and a poly herbal formulation (AYUSH-64). Under various research organizations and National Research Institutes 126 studies are going on in 152 centers in the country to identify effective medicine for to cure patients with symptoms of COVID-19.

(b): Government of India has released “National Clinical Management Protocol based on Ayurveda and Yoga for management of COVID-19” prepared by National Task Force in consensus from various expert committees. Apart from this various guidelines and advisories have been issued for management of Covid-19 by Ayurveda, Siddha, Unani and Homoeopathy Practitioners respectively.

(c): Central Council for Research in Ayurvedic Sciences (CCRAS) has undertaken four collaborative research studies in COVID-19 in which the Ayurvedic formulations have been administered as add on to conventional standard care. Further four collaborative studies have Ayurvedic formulations as standalone treatment out of which two studies have conventional standard care as control arm and remaining two studies are standalone Ayurveda intervention.

(d): Does not arise.
