The State has so far been sanctioned 5,821.363 Km road length under PMGSY-III as per the district-wise details of the proposals sanctioned alongwith the value of projects, given at **Annexure**.

As reported by the State Government, 3,648 Km road length has already been completed as on 25th November, 2021.

(c) The State of Gujarat has been sanctioned 3,015 Km road length under PMGSY-III, against which 280 Km road length has already been completed as on 25th November, 2021.

(d) The Government of India has approved phase-III of PMGSY with an aim to consolidate 1,25,000 km Through Routes and Major Rural Links connecting habitations, inter-alia to Gramin Agricultural Markets (GrAMs), Higher Secondary Schools and Hospitals. Under PMGSY-III, there are no specific provisions of connecting villages through a ring road. However, the major rural links and through routes being undertaken under PMGSY-III benefit several habitations by improving their connectivity to socioeconomic infrastructure and facilities.
