- (d) if so, the detail thereof; and
- (e) the details of the present cost of a LPG and NPG in the country, State-wise?

ANSWER

पेट्रोलियम और प्राकृतिक गैस मंत्रालय में राज्य मंत्री

(श्री रामेश्वर तेली)

MINISTER OF STATE IN THE MINISTRY OF PETROLEUM AND NATURAL GAS
(SHRI RAMESWAR TELI)

(a) to (e): The prices of petroleum products in the country are linked to the price of respective products in the international market. However, for domestic LPG the Government continues to modulate the effective price to consumer to insulate the common man from rise in international prices.

Government of India has allocated domestic gas to various City Gas Distribution (CGD) entities for CNG (Transport) and PNG (Domestic) purpose. However, retails price of CNG/PNG is determined by CGD entities after considering state taxes, tariff and other components.

The details of average retail selling price of domestic LPG during the last three years and current year is given below:
